2018 Action Pistol / Action Steel Shoots

New targets + Challenging stages = Fun with your Pistol!!

If you would like to learn how to shoot in competition, please join us for an exciting 2018 Action Pistol season. We draw a wide range of competitors, from beginners to seasoned veterans and everyone has a good time. Our matches begin at **6:00 PM** at the CCKC Rifle Range. **NOTE: Registration will close at 6:15PM for safety reasons – you must attend the walkthrough to shoot.** Each match is an individual competition so join us for whichever match date you can make. The only person you are competing against is yourself. The match fees are still \$10.00 for CCKC members and \$15.00 for non-members. We now run 2-4 stages a night and all matches are on **WEDNESDAYS**.

2018 Action Pistol dates are: May 9, 16, 23 : June 6, 13 : July 11, 25 : Aug. 8, 15, 22 : Sept. 12, 19, 26. Halloween shoot is Oct 17.

The Action Pistol matches are an introduction to the sport of USPSA competitive shooting. We utilize safe gun handling principles to help you improve your handgun skills. You will shoot timed match scenarios that require you to move and engage a wide range of reactive and static targets. Most participants shoot stock factory semi-auto handguns or pistol caliber rifle. Bring a **small firearm case**, belt holster, four magazines, and a minimum of 100 rounds of ammunition (no magnum loads). **From May through September the first match of the month will be .22LR neutral** – meaning you can break out your .22 pistol or rifle and shoot the entire match. Action Pistol continues to be a fantastic shooting bargain. We have new targets for 2018 – so come on out and ring a gong!

2018 Action Steel dates are: April 4, 18 : October 3.

These all Steel Action matches require you to engage only steel reactive targets. You can shoot this match with a full-power handgun, shotgun, pistol caliber rifle or a combination thereof. Bring at least 50 shot shells (#6 LEAD shot or smaller) and/or at least 100 rounds of pistol ammunition with you. See how well you can knockdown these steel targets!

SAFETY- Our number one priority

We run a COLD RANGE – meaning that firearms must remain cased until the shooter is called to the start position. This procedure keeps everyone safely behind the line of fire. Eye and ear protection is mandatory for competitors and spectators alike. We welcome junior shooters (12 -18 years of age) who are accompanied by a participating parent and have the experience, knowledge, and attitude necessary to safely handle a firearm. **NOTE: uncase your FIREARMS only when directed to do so by the RO at the shooting point – otherwise you will incur a safety disqualification!**

Weather Cancellations:

All our Action Pistol matches are held outdoors, so remember to bring bug spray, sunscreen, water etc. as necessary. We will shoot rain or shine, however if there is a **prolonged lightning storm** the match will be cancelled. Visit our website (www.bristolranges.com) for match updates or e-mail Paul Coleman at (paul.coleman2@comcast.net). Please join us and bring a friend!
