

Hunter Education Class

Saturday Sept. 26, 2026

The Conservation Club of Kenosha County is offering an Internet Hunter Safety Course this September. This course has two parts, first an on-line learning session requiring several hours on the internet - followed by the hands-on Field Day safety check on **Saturday Sept. 26th**.

How do you join the class?

Register on the Wisconsin Go Wild website (<https://gowild.wi.gov>) or by contacting Paul Coleman (paul.coleman2@comcast.net) to reserve a space in the class. The Field Day registration fee is \$10 and nonrefundable. You can pay the fee by check to the address at the bottom of this page, or pay by phone via Venmo to @Paul-Coleman-63, or pay by Zelle to 847-732-2472. The registration fee is used to offset the course expenses. You will then receive a data packet by email with the course logon instructions - then go online and take the hunter safety course if you need to complete it. Attend the Field Safety Testing day at the CCKC Clubhouse on Sept. 26, 2026 from 9AM – 3PM. If you complete your requirements you will receive your temporary permit on that day!

The On-Line Hunter Education class is for students with a working knowledge of firearm safety. Participants must be able to navigate the Internet and complete the several hours of online course materials prior to the Field Safety Testing on Sept. 26th. Young hunters should have a responsible mentor assisting them online.

Class size is limited to 30 students. We will post the class as full once we reach this number. This class will fill up rapidly – so please register today! The Internet Field Day will be held rain or shine! We will be outside for some field safety activities so please dress appropriately. Please bring a bag lunch. Only those who pre-register will be eligible to participate in the field day testing.
